

RESKILL

News of the RESKILL european project

A SUNNY START

The RESKILL project began 1 year ago! Following the kick off, the first working meeting was held in Athens on the 7th September. A perfect occasion for the partners to meet again and to discuss the development of RESKILL dual training.

PRESENTATION

The RESKILL project aims to promote work-based learning in all its forms, with special attention to apprenticeship. It involves social partners, companies and VET providers and stimulates entrepreneurship and innovation !

WHAT'S NEXT?

RESKILL is launching its website (<https://reskill-info.eu/>), and its e-learning platform (<http://elearning-reskill.eu/>). In the coming months, a tool to match job seekers and companies in the agrifood sector will also be created: check it out !
